Budget Activity: 01 - Operating Forces

Activity Group: 1A - Expeditionary Forces

I. Description of Operations Financed: The Expeditionary Forces activity group provides forces at Naval installations and aboard Naval vessels. The funds provided will finance training and routine operations, the maintenance and repair of organic ground equipment, for the Operating Forces that constitute the Marine Air-Ground Team and Marine security exercises either directed by higher authority or by the Commandant of the Marine Corps. routine supplies, travel, per diem and emergency leave, automatic data processing and initial purchase as well as replenishment and replacement of both unit and individual equipment. Financing is also provided for the movement of troops to participate in

management of the Marine Corps' worldwide mail order uniform clothing support. Funds also provide for the reimbursement of Defense Logistics Agency for the supply and distribution system that receives, stores, maintains and distributes the materiel required to meet the assurance programs; implementation of configuration management program; implementation of Marine Corps. This specifically includes overall management of weapon systems/equipment The mission also includes the assembly and disassembly of sets, kits, chests, collateral materiel and end-item components; and the support through the total life cycle; maintenance of service-wide stores and allotment system management and logistics support required to meet the operational needs of the total service-wide provisioning; and research, design and development of Marine Corps accounting system; technical support of weapon system acquisition; monitoring quality The Field Logistics subactivity provides the resources necessary for overall weapons uniforms and specialized dress requirements. operational needs of the Marine Corps.

Services (CETS); Ammunition Renovation/Inventory Management; Missile Maintenance; and Post Deployment and Technical Software Support (PDSS); Life Cycle Support; Contractor, Engineering Other Field Logistics areas supporting the Fleet Marine Forces are:

Budget Activity: 01 - Operating Forces

Activity Group: 1A - Expeditionary Forces

operating costs for Marine Corps Tactical Software Systems Activity (MCTSSA).

Depot Maintenance finances major repair and rebuild of Marine Corps ground equipment and the cost of installation of modification kits. Repair/rebuild operations are scheduled based on valid stock requirements and the most cost effective means of satisfying those The majority of the repair/rebuild work is performed at the Marine Corps Logistics Bases in Albany, Georgia, and Barstow, California. requirements.

Base Support for various Marine Corps bases and stations is funded in this activity group. The following categories detail the areas financed:

financial and military/civilian manpower management and base safety and legal services. The administrative services category includes such functions as installation

The specific services category finances organic supply operations in support of the installations, including vehicle operation and maintenance.

The community support services category provides for support of living facilities, food services, recreation areas, special services programs and common use facilities.

The facility services category consists of utilities operations and other engineering A portion of these funds are used to make repairs required to meet environmental support.

facsimile equipment and the administrative costs associated with message reproduction and The base communication category includes the operation and maintenance of telephone systems, including record communications (data card, magnetic tape, teletype), radio and Also included are payments for long distance toll charges. distribution.

Also included under Base Support are injury compensation payments and procurement of collateral equipment required to initially outfit new military construction projects at Marine Corps bases, posts and stations.

Budget Activity: 01 - Operating Forces

Activity Group: 1A - Expeditionary Forces

Force Structure Summary: The Expeditionary Forces Activity Group provides O&M support to the following forces and supporting establishments:

located at installations on the East and West coasts of the United States, at bases in the Pacific Ocean Area, and aboard amphibious ships of the United States Navy. The specific forces for airborne operations as directed by the Commandant of the Marine Corps; (4) To Commandant of the Marine Corps in the development of doctrine, tactics, techniques, and equipment used by landing forces in amphibious operations; (3) To train and equip Marine includes those forces in the three Marine Divisions, three Force Service Support Groups, missions of the Fleet Marine Forces are: (1) To serve with the fleets in the seizure or train the maximum number of personnel to meet requirements for expansion during time of essential to the prosecution of a Naval campaign; (2) To participate as directed by the five helicopter Groups and two Light Antiaircraft Missile Battalions. The forces are Encompasses the ground portion of the Fleet Marine Forces and defense of advance Naval bases and in the conduct of such land operations as may be war; and (5) To perform such other duties as may be directed. Land Forces.

Marines are assigned to Naval security forces; (2) Provide Marine security forces for duty aboard Naval vessels; (3) Provide adequate materiel support for the unique requirements of Marine security forces; (4) Maintain Marine Air and Ground Forces at a state of readiness Provides Marine forces for duty at sea and ashore for security aboard Naval vessels and naval stations and provides forces from the Marine Air-Ground capable of participating in exercises as directed by the JCS; and (5) Provide materiel objectives of the Marine Corps in this area are to: (1) Ensure that highly qualified Team for participation in exercises as directed by the Joint Chiefs of Staff (JCS). Naval Forces.

I. Description of Operations Financed: The resources in this budget activity support total conventional media in delivering Marine Corps impressions, with direct mail and magazines force Recruiting and Advertising, Off-Duty Education for Marines, Junior Reserve Officer Training Corps, and Veterans' Educational Assistance Program. The recruiting effort is This activity provides for advertising to facilitate and encourage face-to-face contact between the organized on a total force basis that tasks the individual recruiters to procure potential applicant and the procurement force, and is structured to utilize all accessions (officer and enlisted) for both regular and reserve forces. used primarily as lead-generating media.

in this program The Marine Corps' Off-Duty Education program provides Marines an opportunity to The Basic Skill Education Program (BSEP) is an on-duty program which is designed to remedy deficiencies in reading, are high school completion and college level undergraduate and graduate courses. Other levels of education financed enhance their career through education programs. mathematics, and the language arts.

and provides administrative supplies, tests, and training aides for Marine Junior Reserve This activity finances the Defense Department's share of the costs for instructors Administration for the Marine Corps' share of the costs of the Veterans' Educational Officer Training Course Units. Also included is reimbursement to the Veterans' Assistance Program (VEAP).

recurring costs, or for telecommunications to support the recruiting mission of the Marine Recruiting Districts are represented in this budget activity. Funding is generally for Base Support operations for 8th & I, the First Marine Corps District, and other

3C - Recruiting and other Training and Education 03 - Training and Recruiting Budget Activity: Activity Group:

Selection Offices. A major objective of the Marine Corps Recruiting is to provide quality Total Force recruiting program tasks individual recruiters to procure accessions for both Force procurement effort to enable enlisted and officer procurement personnel to achieve the regular and reserve forces. Officer procurement is the primary function of Officer II. Force Structure Summary: This activity provides resources and support to the Total predetermined force levels in both quality and quantity accessions. The Marine Corps recruits that will increase combat readiness of the Fleet Marine Force.

education. This program provides 100 percent of the total cost of the Basic Skills The Off-Duty Education Program provides approximately 48,000 Marines off-duty Education Program and off-duty high school courses. This activity also provides for annual orientation visits by MJROTC units to Marine Corps installations. These units are under the administrative control of the six Marine Corps Districts. Lastly, an estimated 1,700 Marines participated in the <u>Veterans</u>' Educational Assistance Program. Force Structure Summary: This sub-activity funds base support for the Marine Corps Barracks at 8th & I and the Marine Corps Recruiting Command.
